

# AMENI GRAMI

Front End Engineer | React Specialist | Agile Project Management | User Experience Focused  
amenigrami489@gmail.com • <https://www.linkedin.com/in/ameni-grami/> • Sousse

## Summary

With 4+ years of experience in frontend development, I specialize in creating dynamic and responsive web applications using React and modern web technologies. My background combines academic knowledge with hands-on professional experience, enabling me to deliver intuitive user experiences and optimize application performance. I bring a proactive approach to learning, problem-solving, and technical innovation, consistently driving successful project outcomes.

## Key Achievements

### Code Review Efficiency

Increased code review efficiency by 35% through automated analysis tools for 5 projects.

### Enhanced Page Load

Reduced page load time by 50% in major project with optimized React components.

### Agile Methodologies Boost

Increased team productivity by 40% via improved agile methodologies in project management.

### Data Retrieval Speed

Improved data retrieval speed by 20% in 'Rental Saga' through optimized query techniques.
